

New Kent Middle School Math-a-thon

April 1, 2010

2:45pm - 4:45pm

Dear parent:

In an effort to help raise money to benefit St. Jude's Children's Research Hospital New Kent Middle School is excited to have the opportunity to participate in a Math-a-thon. Math-a-thon is a free educational program that teaches our kids the importance of math while helping children in desperate need of cancer treatment.

Here's how the program works at New Kent Middle School: First, students and parents read and sign the consent form offered by the Math teachers. Second, students pick up a sponsorship form begin and collecting monetary donations from family, neighbors and friends. On April 1, make plans to stay after school and meet in the Computer Lab to complete the on-line interactive math problems. Last, turn in donations and collect your prizes.

Some other important information you need to know:

- ✓ PTO will provide free Pizza and snacks to all students who participate
- ✓ All the proceeds will directly benefit the St. Jude Research Hospital
- ✓ Students may either ride the Activity bus, be picked up by a parent or stay after to attend New Kent Middle School Athletic event for the cost of \$2.00

Thank you for your support. If you have any further questions, feel free to contact Mrs. Day, Math-a-thon coordinator by calling 804 -966-9655.

Mrs. Day

Student name _____ has permission to attend participate in Math-a-thon on April 1, 2010

_____ will be picked by _____ by 4:45 pm

_____ will ride activity bus # _____

_____ will attend the new Kent Middle School athletic Event

Parent Signature : _____ date:
